Virtual Schwartz Rounds: "The Challenges of Coming Back"

Moderated by: Tara Sanft, MD.; Leslie Blatt, APRN

Needs Assessment: The pandemic has changed how health care providers think about work. Staying home to work presents different challenges. Returning to work, presents challenging concerns such as "Am I placing my family at risk?" "How do I manage work and children?"

Learning Objectives: 1. Explore how people feel about balancing work and home life 2. To share experiences of working from home after others have come back to work 3. To share experiences of coming back to the hospital and working with people that remained working during COVID
