CONTINUING MEDICAL EDUCATION

“Searching high and low for memory T cell responses to cancer”

Mary Jo Turk, PhD

Professor of Microbiology and Immunology
Geisel School of Medicine, Dartmouth College

Tuesday, October 6, 2020

4:00 – 5:00pm

Zoom – <https://yale.zoom.us/j/91484905438>

Or join by Telephone: 203-432-9666 – Webinar ID: 914 8490 5438

ACCREDITATION

The Yale School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

TARGET AUDIENCE

The target audience for the HTI Seminar Series comprises attending faculty, clinical and basic scientists, community physicians, nurses, residents, fellows, and students.

NEEDS ASSESSMENT

The HTI Seminar Series seeks to review the scientific basis for choice of immunologically related therapeutic targets in various diseases, including organ-specific and systemic autoimmunity, allergy, transplant rejection, cancer, and infectious diseases. The goal is to help understand the rationale and mechanism underlying the major pharmacologic approaches for interventional immunology in current practice and review the data on the different therapeutic approaches in different specialties.

LEARNING OBJECTIVES

At the conclusion of this activity, participants will be able to:

1. Describe how memory CD8 T cell responses to cancer are generated throughout lymphoid and peripheral tissues.
2. Describe the composition of melanoma-specific memory T cells in mice and patients with immunotherapy-related vitiligo.

3. Delineate the contributions of distinct memory T cell subsets to cancer immunity at different metastatic locations.

DESIGNATION STATEMENT

The Yale School of Medicine designates this live activity for 1 AMA PRA Category 1 Credit(s)[™]. Physicians should only claim the credit commensurate with the extent of their participation in the activity.

FACULTY DISCLOSURES

Mary Jo Turk: None

Carrie Lucas: None

Ellen Foxman: None

It is the policy of Yale School of Medicine, Continuing Medical Education, to ensure balance, independence, objectivity and scientific rigor in all its educational programs. All faculty participating as speakers in these programs are required to disclose any relevant financial relationship(s) they (or spouse or partner) have with a commercial interest that benefits the individual in any financial amount that has occurred within the past 12 months; and the opportunity to affect the content of CME about the products or services of the commercial interests. The Center for Continuing Medical Education will ensure that any conflicts of interest are resolved before the educational activity occurs.

There is no corporate support for this activity

Seminar Host: Marcus Bosenberg, MD, PhD

Course Directors: Carrie Lucas, PhD and Ellen Foxman, MD, PhD
