

Smilow Auditorium • 55 Park Street • 12:00 Noon

October 6, 2015

Christopher P. Austin, MD

Director, National Center for Advancing Translational
Sciences, National Institutes of Health

Catalyzing Translational Innovation

Needs: The process by which observations in the laboratory or the clinic are transformed into demonstrably useful interventions that tangibly improve human health is frequently termed "translation." To meet the opportunities and needs in translational science, NCATS was created. This talk will provide an overview of NCATS mission, programs, and deliverables, with a view toward future developments.

Objectives: To differentiate between the process of translation and the field of translational science; to understand how to effectively train the translational research work force; and to understand current efforts at NIH to improve the efficiency of clinical trials.

There is No Corporate Support for These Activities.

Accreditation: The Yale School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Designation Statement: The Yale School of Medicine designates this live activity for 1 AMA PRA Category 1 Credit(s)[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Faculty Disclosures: It is the policy of Yale School of Medicine, Continuing Medical Education, to ensure balance, independence, objectivity and scientific rigor in all its educational programs. All faculty participating as speakers in these programs are required to disclose any relevant financial relationship(s) they (or spouse or partner) have with a commercial interest that benefits the individual in any financial amount that has occurred within the past 12 months; and the opportunity to affect the content of CME about the products or services of the commercial interests. The Center for Continuing Medical Education will ensure that any conflicts of interest are resolved before the educational activity occurs.

This course will fulfill the licensure requirement set forth by the State of Connecticut.
