

# Yale SCHOOL OF MEDICINE

## GENETICS DEPARTMENT SEMINAR SERIES

# The Secret Life of Introns

Pre-mRNA splicing results in the co-transcriptional removal of introns and is critical for proper cellular function. Here we explore the mechanisms underlying this process and the unexpected roles that introns play in the cell's ability to respond to its environment.

### **Dr. Tracy Johnson, PhD**

**Dean, Life Sciences**

**HHMI Professor**

**Associate Dean for inclusive Excellence**

Professor, Department of Molecular, Cell and Developmental Biology, UCLA

### **Host: Dr. Antonio Giraldez, PhD**

Chair and Professor of Genetics

YSM Department of Genetics

**Tuesday, February 16, 2021**

**11:30am - 12:30pm**

**[Zoom Link](#)**

**pw: 7852649**
