**Keynote Presentation will be in-person AND via Zoom.**  
**All other portions of Research Day are IN-PERSON only.**

- 7:00AM Breakfast (On-Site)
- 7:30AM Opening Remarks: Benjamin L. Judson, MD, MBA
- 7:35AM Introduction of Keynote Speaker: Siba Haykal, MD, PhD
- 7:40AM Keynote Presentation**  
"Bridging the "Resectability" Gap: Using evidence and EQ to improve outcomes for patients with a rare cancer."  
*Carol Swallow MD, PhD*  
*RS McLaughlin Professor and Chair*  
*Department of Surgery, University of Toronto*  
Zoom Participation Link: <https://yale.zoom.us/j/94103682292>
- 8:45AM Quick Shots** (Moderator- Eric Scheider, PhD)
- 8:45AM Daniel Boffa, MD  
"Evaluating the Impact of the ACS Cancer Programs Surgical Standards"
- 9:00AM Rachel Greenup, MD  
"CONSYDER: Optimizing Surgical Decisions in Young Adults with Breast Cancer"
- 9:15AM Sajid Khan, MD  
"Insights into Sex-Specific Differences of the Tumor Metabolome in Colorectal Cancer"
- 9:30AM Break
- 10:00AM Highlighted Abstracts** (Moderator- Kiran Turaga, MD)
- 10:00AM EL Godfrey (Greenup lab)  
"DECISIVE (Decisions and Expectations in Cyto reduction: Informed Surgery Incorporating Value Exploration): Development of a decision support tool for individuals with peritoneal surface malignancies"
- 10:15AM M Munshi (S Mohan lab)  
"Towards an artificial intelligence nurse: Comparing custom LLMs against GPT-40 for post operative rhinoplasty care"
- 10:30AM O Noel (Pomahac lab)  
"Acute rejection is associated with signature donor-derived cell free DNA profile following face transplantation in a rodent"
- 10:45AM SN Lee (Sheltzer lab)  
"Chromosome engineering to restore euploidy in cells harboring a complex rearrangement of chromosome 8"
- 11:00AM Awards Ignite** – (Moderator Sara Pai, MD, PhD)
- 11:00AM *Team Science Award*  
Recipient: Henry Hsia, MD  
"Harnessing cell-specific exosomes to promote tissue repair in acute surgical and chronic non-healing wounds"
- 11:20AM *Clinical Seed Grant/Clinical Trial Pilot Award*  
Recipient: Edward Aboian, MD  
"Aortic aneurysm care improvement by early detection and referral to aortic specialist"
- 11:40AM Special presentation and closing remarks**  
Peter J. Gruber, MD, PhD
- 12:00PM Abstract Poster Session** with lunch provided from Lorenzo's (on-site)
