

Alzheimer's Disease Research Center (ADRC)

Newsletter 25

We are excited to share that **Yale ADRC** is proudly sponsoring the **Walk to End Alzheimer's** again this year. This event is not just a walk; it's a movement to raise awareness and funds to support the fight against Alzheimer's disease.

Research

We are dedicated to making a difference in the lives of those affected by Alzheimer's, and we invite you to join us in this vital cause. Your participation will help us raise crucial funds for research, support services, and advocacy efforts that are vital in the battle against this devastating disease.

Whether you can walk with [us](#) or support [us](#) from afar, your involvement is invaluable. You can register to participate, contribute to our team's fundraising goal, or even volunteer to help make the event a success.

Join us at the
[Greater New Haven Walk](#)
or visit
alz.org/Walk to find the closest walk to you!

Every step we take, and every dollar we raise brings us one step closer to a world without Alzheimer's. Let's unite to support those who need it most and honor those affected.

If you have any questions or need more information, please contact **Laura Hoffman**, VP of Development at lbhoffman@alz.org.

Thank you for considering this opportunity to make a meaningful impact. We look forward to walking with you and showing our collective support for this crucial cause.
