Associate Professor, Cardiology, Director of Cardiovascular Molecular Imaging Laboratory, Yale & VA CT Healthcare

"Molecular Imaging: An Emerging Conduit for Paradigm Shift in Cardiovascular Medicine"

Thursday, August 29, 2013 - 8:30am-Fitkin Amphitheatre

NEEDS ASSESSMENT:

Advances in molecular imaging are transforming care of patients with cardiovascular diseases. Clinicians need to know about new developments in vascular imaging and their clinical applications.

LEARNING OBJECTIVES:

At the conclusion of this activity Participants will be able:

1.To review recent developments in vascular molecular imaging.

2.To discuss examples of clinical gaps in cardiovascular medicine which may be addressed by molecular imaging.

3. To illustrate the steps involved in the development of novel vascular imaging agents for clinical application.

DESIGNATION STATEMENT:

The Yale School of Medicine designates this educational activity for 1 AMA PRA Category 1 credit(s) Physicians should claim only credit commensurate with the extent of their participation in the activity.

FACULTY DISCLOSURES:

It is the policy of Yale School of Medicine, **Continuing Medical Education, to ensure** balance, independence, objectivity and scientific rigor in all its educational programs. All faculty participating as speakers in these programs are required to disclose any relevant financial relationship(s) they (or spouse or partner) have with a commercial interest that benefits the individual in any financial amount that has occurred within the past 12 months; and the opportunity to affect the content of CME about the products or services of the commercial interests. The **Center for Continuing Medical Education** will ensure that any conflicts of interest are resolved before the educational activity occurs.

ACCREDITATION:

The Yale School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.
