

Please join us for the

# Department of Cell Biology Recruitment Symposium

Wednesday, January 22, 2020

SHM C-428

9:00am	Welcome <b>James Rothman</b> , Chair and Sterling Professor of Cell Biology
9:10am -10:00am	<b>Yvette Wong</b> ; Northwestern Feinberg School of Medicine “Mitochondrial and Lysosomal Crosstalk at Inter-Organellar Contact Sites in Cellular Homeostasis and Disease.”
10:05am – 10:55am	<b>Alban Ordureau</b> ; Harvard Medical School “Molecular Roadmap to PINK1/Parkin Mitophagy Signaling.”
10:55am – 11:05am	Morning Break
11:05am – 11:55am	<b>Andreas Ernst</b> ; Yale University School of Medicine “Do Liquid Phases of Proteins Organize Membrane Compartments?”
1:30pm – 2:20pm	<b>Meng-meng Fu</b> ; Stanford University “Building the Oligodendrocyte: Mechanisms of Acentrosomal Microtubule Nucleation and mRNA Transport.”
2:25pm – 3:15pm	<b>Xu Zhao</b> ; Yale University School of Medicine “Macrophage-fibroblast cell circuit in tissue homeostasis and inflammation.”
3:15pm – 3:25pm	Afternoon Break
3:25pm – 4:15pm	<b>Alexander Woglar</b> ; Stanford University “The Molecular Architecture of Chromosomes in Reproduction and Development.”
4:20pm – 5:10pm	<b>Lindsay Case</b> ; UT Southwestern Medical Center “Protein phase separation regulates transmembrane signaling.”

-Refreshments will be served-
