

Grand Rounds

Tuesday, February 8 at 12pm via Zoom

"Can New Risk Assessment Tools for Prostate Cancer Deliver Better Patient Outcomes?"

Michael Leapman, MD
Assistant Professor of Urology

Needs: Define areas of improvement for localized prostate cancer and address knowledge gaps in risk assessment using conventional clinical tools.
Objectives: Define evidence supporting genomic testing in prostate cancer and evidence supporting advanced imaging in prostate cancer.

"Novel Insights in Obesity-driven Hepatocellular Carcinoma"

Carlos Fernandez-Hernando, PhD
Anthony N. Brady Professor of Comparative Medicine and of Pathology

Needs: Identification of novel targets to treat HCC and understanding novel mechanism that drives obesity driven HCC.
Objectives: Discuss mouse models of obesity induced HCC and the role of FABP during HCC presentation.
