“Preventing the Next Pandemic: Vaccine
Diplomacy in an Age of Antiscience”

Wednesday, September 16, 2020, 12:00 p.m.
FITKIN AMPHITHEATRE

There is no corporate support for this activity. This course will fulfill the licensure requirement set forth by the State of Connecticut

ACCREDITATION

The Yale School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

TARGET AUDIENCE

Medical Students
Residents and Fellows
Faculty Physicians
Allied Health Providers

NEEDS ASSESSMENT

Following 15 years of often uninterrupted success in the control of vaccine-preventable and neglected diseases, we've seen a resurgence due to war, political collapse, urbanization, and climate change. This has culminated with the 2020 COVID19 pandemic. We're shaping new vaccines for these diseases, but will it be enough?

LEARNING OBJECTIVES

At the end of this activity, participants will be able to:

1. To report on the slow, halting, or even reversal of global public health gains due to modern 21st century social determinants and climate change
2. To summarize the COVID19 pandemic as a culminating event in this shift
3. To report on progress developing a new generation of global health vaccines to address the return of disease
4. To summarize how antiscience forces might thwart our progress

DESIGNATION STATEMENT

The Yale School of Medicine designates this live activity for 1 AMA PRA Category 1 Credit(s)[™]. Physicians should only claim the credit commensurate with the extent of their participation in the activity.

FACULTY DISCLOSURES

Peter Hotez, MD, PhD: None
Pnina Weiss, MD, Grand Rounds Director: None

It is the policy of Yale School of Medicine, Continuing Medical Education, to ensure balance, independence, objectivity and scientific rigor in all its educational programs. All faculty participating as speakers in these programs are required to disclose any relevant financial relationship(s) they (or spouse or partner) have with a commercial interest that benefits the individual in any financial amount that has occurred within the past 12 months; and the opportunity to affect the content of CME about the products or services of the commercial interests. The Center for Continuing Medical Education will ensure that any conflicts of interest are resolved before the educational activity occurs.
