Urology Grand Rounds - 4/1/2022:
“Bench to Bedside, Quality AND Quantity of Life: Cancer Metabolism”

4/1/2022 7:30:00 AM – 4/1/2022 8:30:00 AM | Hybrid

The CME activity is designed to cover a broad range of clinical and research urologic topics which audience members will either have exposure to in their own urologic practices, as well as being generalizable to improve overall understanding and expansive to common and evolving urologic topics. The conference will also cover associated medical issues that many physicians and urologists are faced with as they manage complicated patients in a multidisciplinary community of physicians

For CME credits, please text code 29120 to 203.442.9435

Faculty:

Jiyeon Kim, PhD
Assistant Professor
Department of Biochemistry and Molecular Genetics
College of Medicine
University of Illinois at Chicago

Program Goal:
1 Understand that targeting metabolic dependences in cancers can be used as a novel therapeutic intervention
2 Learn tools to study metabolic heterogeneity in cancer which can be useful for biomarker discovery and prognosis prediction
3 Appreciate the concept of stable isotope tracing for human patients and potential of the study

Target Audience: Urology

Financial Disclosure Information:

None of the faculty/planners for this educational activity have relevant financial relationship(s) to disclose with ineligible companies

Accreditation Statement: Yale School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Designation Statement: Yale School of Medicine designates this Live Activity for a maximum of 1.00 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.
