

Presented by: Ophthalmology and Visual Science

“Posterior Uveitis: The Role of Local Immunity”

Friday, November 11, 2022

7:00 AM - 8:15 AM

Zoom | Meeting ID: 988 4618 2188, Passcode: 722779

This talk will describe the most common causes of posterior uveitis, help understand the rational ordering of labs in the workup of uveitis and to help understand anatomic considerations in uveitis pathogenesis

Texting code for 11/11/22 session: 33390 to 203-442-9435

Presenter:

James Walsh, MD, PhD

Clinical Instructor, Department of Ophthalmology, Washington University

Program Goal:

1. Apply insights from NASEM Report for eye care.
2. Understand how social history taking can build better care.
3. Assess how reducing disparities will improve population eye health.

Target Audience: Ophthalmologists and Optometrists

Course Director: Ron Adelman, MD, MPH, MBA

Course Coordinator: Stacy Giangrande, BA
