

NASW/CT REGION 2 MEETINGS

**ONGOING SOCIAL WORK GATHERINGS**

We are pleased to invite you to monthly, clinically focused group gatherings. **Held the third Tuesday of each month, from 5 to 6:30 PM**, the meetings will have a clinically focused presentation followed by group discussion, case presentations, and networking. Please come and share your challenging situations with the group. Students are welcome.

Our next meeting on **February 19<sup>th</sup>, 2013** will feature a presentation on:

**Behavioral Assessment in Bariatric Surgery:** “Bariatrics is the branch of medicine that deals with the causes, prevention, and treatment of obesity.” (The American Heritage Dictionary) Obesity has reached epidemic proportions in our society and we as social workers can better serve our clients with greater knowledge of treatment options and how they impact the quality of our client’s lives.

Presented by **Mark Gaynor, LCSW**

In private practice for 30 years, serving Adults and Adolescents with mental health and addiction disorders; Mr. Gaynor has developed a specialty in the area of Bariatric Treatment. He brings a unique combination of personal and professional expertise in the field of health and weight management.
