“Coughing Up A Diagnosis: A 45 Year Old Female with an Unusual Pulmonary-Renal Syndrome”

Thursday, June 13, 2013 - 8:30am-Fitkin Amphitheatre

NEEDS ASSESSMENT:

Clinicians need to understand the differential diagnosis of a solid renal mass, which can often be encountered as an incidental finding. Physicians also need to be knowledgeable about newly described syndromes of autoimmune disease.

LEARNING OBJECTIVES:

At the conclusion of this activity Participants will be able:

*To understand the differential diagnosis of a solid renal mass.

* To know the clinical presentation pathophysiology, and treatment of a recently described systemic immune disorder.

* To appreciate how refining the differential diagnosis requires a multi-
