Spring Medical Library Workshops for Public Health Students

**Accessing Public Health Information without Academic Library Subscriptions**

**Finding and Reading Public Health Literature as an Intern**

**WHEN:**

- **Monday, May 16**, 4-5pm (virtual)
- **Wednesday, May 18**, 10-11am (virtual)
- **Friday, May 20**, 1-2pm (in-person at the medical library)

**WHEN:**

- **Wednesday June 1**, 5-6pm (virtual)
- **Friday June 3**, 12-1pm (virtual)

Congratulations to the class of 2022! Soon you'll need to practice evidence-based public health without Yale's subscriptions to journals and databases. In this workshop, we'll talk about how to find and read the literature you need in a world where publisher paywalls can present a challenge. Soon-to-be graduates are welcome from any school, but our examples focus on public health information.

**Kayla Del Biondo & Kate Nyhan**

Public Health Liaison Librarian Team

PublicHealth.Librarians@yale.edu

One-third of YSPH students preparing to take on a summer internship indicated that they would like more training in how to conduct a literature review. Cue the public health librarians to the rescue! Join us on the dates/times listed below to learn how to find and read public health literature so that you can make evidence-based recommendations to your host organization throughout your internship experience.
