

Medical Education Webinar

Hereditary Hematologic Malignancies: Not That Rare

Presentation By:

Courtney D. DiNardo, M.D., MSCE
*The University of Texas
MD Anderson Cancer Center*

Learning Objectives

- Understanding the role of genetic testing on patient outcomes for HM patients.
- Learning the prevalence of pathogenic germline variants in HM patients.
- Gaining tools on how to suspect and diagnose hereditary HM.
- Learning how to manage hereditary HM patients and their at-risk family.

This webinar is offered on two dates with different discussion panelists:

Monday, May 23rd, 2022

1:00pm PDT | 3:00pm CDT | 4:00pm EDT
