MASTER'S TEA

James Hansen

Dr. James Hansen is a Professor at Columbia's Earth Institute, where he directs the Program on Climate Science, Awareness, and Solutions. Dr. Hansen was formerly director of the NASA Goddard Institute for Space Studies, and his research focuses on the causes and consequences of global climate change. His Congressional testimony in the late 1980s helped raise awareness of the issue of climate change. He was named one of the 100 most influential people in the world by *Time Magazine* and one of the Top 100 Global Thinkers by *Foreign Policy*.
