Monday, October 10th, 2016

Light Snack will be served

12:00 p.m. to 1:00 p.m. in BCMM 206/208

Learn more about YSM Certificate in Global Medicine!

The informational session will cover the requirements of the certificate; How students will be assessed and What the benefits to achieving the certificate are.

The certificate will provide:

- A comprehensive experience in which students study global health in the classroom, in the clinic, locally and internationally.
- A strong foundation in the principles of global health research and clinical practice.

Sponsored by: YSM Office of International Medical Student Education
