

Many thanks to the NeuroDay Committee: Katie Fink,
Sarah Bhagat, Seth Taylor, Cali Calarco, Emily Finn

Program and T-shirt Design: Xue Sun

NeuroDay 2013 is supported by NIH Training Grant T32
NS 41228 funded by the Jointly Sponsored NIH
Predoctoral Training Program in the Neurosciences

NeuroDay 2013
AUGUST 16th WEST CAMPUS

**Sponsored by the
Interdepartmental Neuroscience Program**

8:00 am **Registration opens**
Special bus leaves from 333 Cedar St.

8:30 am **Continental Breakfast**

9:00 am **Tag Team Talks**
Chaired by Katie Fink

Phil Corlett/Carol Gianessi: *Studying delusions across species*

Angelique Bordey/Lawrence Hsieh/Tiffany Lin: *Hyperactive mTORC1 signaling alters cortical network development*

Michael Nitabach/Dipon Ghosh: *Peptide modulation of multisensory integration*

10:30 am **New INP Faculty Talks**
Chaired by Sarah Bhagat

Tyrone Cannon: *Predictors and mechanisms of conversion to psychosis*

Damon Clark: *The role of third-order correlations in motion estimation*

Elena Gracheva: *Molecular adaptations to unique lifestyle in mammalian hibernators*

12:00 pm **Lunch**

1:00 pm **INPgo!**

1:30 pm **Keynote Address**
Hosted by Seth Taylor

**Stuart Firestein, PhD, Professor and Chairman,
Department of Biological Sciences, Columbia**

University, author of *Ignorance: How it Drives Science*

“Ignorance, Doubt, Uncertainty....Illumination”

2:45 pm **Break**

3:00 pm **Tag Team Talks**
Chaired by Katie Fink

David Hafler/Amanda Hernandez: *Sodium chloride renders human Foxp3+ regulatory T cells dysfunctional*

Susumu Tomita/Jimmy Martenson: *Molecular mechanism for the synaptic localization of GABA(A) receptors*

4:00 pm **Data Blitz**
Chaired by Sarah Bhagat

4:30 pm **BSRTs**
Chaired by Cali Calarco

with Chris Pittenger, Vincent Pieribone and Barbara Ehrlich

5:00 pm **Happy Hour and Poster Session**

6:00 pm **Dinner**

7:00 pm **Entertainment**

8:15 pm **Special bus back to 333 Cedar Street**
