

## **Advancing Implementation Science & Biostatistics: Summer Training with Yale Experts**

Georgian Implementation Science Fogarty Training (GIFT) Program

### **FOR REAL-WORLD SCIENTISTS & PRACTITIONERS IN GEORGIA**

**Faculty of Medicine & School of Public Health, Ilia State University  
Yale School of Medicine & Yale School of Public Health**

We are committed to enhance the capacity of researchers, academicians, healthcare professionals and community workers on implementation science.

## **GIFT Bootcamp**

**30 July  
-  
2 August  
2025**

**JOIN US!**

A limited number of slots will be available for interested candidates from **low- and middle-income countries outside of Georgia.**

**The training is free of charge, with meals provided throughout the full 4-day sessions; however, participants are responsible for their own travel and accommodation expenses.**

In addition to a comprehensive morning session for this summer bootcamp, each afternoon offers three distinct tracks: a **Fundamental Implementation Science (IS) track**, along with two **Biostatistics tracks** - one focusing on basic principles and another on advanced methodologies.

Registration will open in June. Please stay tuned for further details.

**Venue: G106 Conference Hall, 1 Giorgi Tsereteli St, Tbilisi, Georgia**
