The Program for Biomedical Ethics at Yale School of Medicine provides multidisciplinary leadership regarding the ethical and social aspects of health care and medical research. Our interdisciplinary team draws upon philosophy, law and social and behavioral sciences to provide expert biomedical ethics consultations for families, researchers, physicians and other health care providers. The Program for Biomedical Ethics develops and presents various ethics-related educational programs throughout the academic year for medical, nursing and physician assistant students, the community, Yale faculty and local, regional and national health care professionals. Mark Mercurio, MD, MA, is the Director of the Program for Biomedical Ethics. The Associate Directors of the Program for Biomedical Ethics are John S. Hughes, MD and Sarah Hull, MD.

Texting code for today’s session: 30709

Zoom registration: https://zoom.us/webinar/register/WN_UjqyLIFbTJOop196t72icw

Faculty:

Laura Bothwell, PhD, MPhil, MA
Associate Research Scientist in Epidemiology (Microbial Diseases), Yale School of Public Health
Affiliated Faculty, Yale Institute for Global Health

Mark Mercurio, MD, MA
Professor of Pediatrics, Yale School of Medicine
Chief, Division of Neonatal-Perinatal Medicine
Director, Program for Biomedical Ethics and Yale Pediatric Ethics Program
Program Goals:

1. Understand how historical context has significantly impacted the development of randomized controlled trials, their place within the field of evidence-based medicine, and how scientific quality and ethical quality have often aligned in this history.
2. Explore how social, political, and economic contexts have influenced the development of key ethical safeguards for research subjects in clinical trials.
3. Examine the dynamics between politics, regulation, and ethical science.
4. Consider how changing social norms have advanced considerations of participant diversity in clinical trials.
5. Obtain lessons from history that may inform how we think about approaching contemporary and future challenges that emerge in relation to clinical trial ethics.

Target Audience:

Emergency Medicine, Family Practice, General Practice, Internal Medicine, Neurology, Nutrition, Pediatrics, Psychiatry, Multiple Specialties, Nurse Practitioner, Pharmacist, Physical Therapy, Psychology, Public Health, Physician Assistant, Social Work, Primary Care, Anesthesiology, Physical Medicine & Rehabilitation

Financial Disclosure Information: Dr. Bothwell and Dr. Mercurio have nothing to disclose.

Accreditation Statement: Yale School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Designation Statement: Yale School of Medicine designates this Live Activity for a maximum of 1.50 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.
