

Yale Global Health Seminar

4/14: Young Professionals Chronic Disease Network (YP-CDN)

**Sunny Kishore, MD, PhD Candidate, Weil Cornell Medical
College, Director, Young Professionals Chronic Disease
Network (YP-CDN)**

Mr. Kishore's talk will focus on the rising issue of chronic diseases worldwide as a public health problem. His talk will discuss the shifting paradigm from infectious diseases to chronic diseases in middle income countries like India and Brazil. Finally, he will highlight the history of the development of the Young Professionals Chronic Disease Network and related leadership opportunities available.
