

LEADERSHIP IN BIOMEDICINE

Lecture Series for Students
2019–2020

Wednesday, November 13, 2019
Hope 110
4:30 p.m.

Asghar Rastegar, M.D.

Professor of Medicine (Nephrology)

Director, Office of Global Health

Co-Director, Yale-Stanford J&J Global Health Scholar Program

Department of Medicine

Seeking Knowledge to Serve Others

The purpose of this lectureship series is to invite a distinguished physician-scientist from the Yale faculty to present a perspective on his or her biomedical research, focusing on the novel science and on personal issues in choosing a career pathway in academic medicine.

Sponsored by The Office of Student Research and the Deputy Dean for Education
