

Ursula Jakob, Ph.D.

Department of Molecular, Cellular and  
Developmental Biology

University of Michigan

## Oxidative Stress and Redox Regulation –A Biochemical Perspective

Dr. Jakob's lab investigates the mechanisms by which redox-regulated proteins respond to and defend against oxidative stress conditions.

Monday, March 4, 2013

OML202

3:45 Tea     4:00 Seminar

Host: Liz Rhoades

*Supported by the Mrs. Hepsa Ely Silliman Memorial Fund*
