Yale-Intec Practice Based Learning Elective

Tuesday, November 5th, 2019

Light snack will be served.

12:00 p.m. to 1:00 p.m., SHML 115

Learn more about YSM’s Spring Break Dominican Republic Pre-Clinical Elective!

Trip dates: March 08, 2020 to March 15, 2020

You will be able to hear more about the Yale-Intec Practice Based Learning Elective, open to first year medical students or students re-entering their clinical years.

This pre-clinical elective is designed for students to learn about:

- The social determinants of health in the Caribbean
- The challenges and opportunities for providing care in a resource limited setting
- The common communicable and non-communicable diseases in the Dominican Republic

Sponsored by the YSM Office of International Medical Student Education
