Epidemiology of Microbial Diseases

EMD Seminar Series

Jennifer Friedman, MD, PhD
Professor of Pediatrics and of Epidemiology
Alpert Medical School of Brown University

**“Treatment of Children and Pregnant Women for
Schistosomiasis: Using Evidence to Drive Policy Change”**

This talk will address mechanisms of morbidity in the context of pediatric and maternal schistosomiasis. We will address the results of a randomized controlled trial from The Philippines assessing the safety and efficacy of Praziquantel for the treatment of schistosomiasis during human pregnancy. We will end with barriers to changing policy and increasing uptake.

12:00 PM Wednesday, November 3, 2021
Host: N. Grubaugh/R. Heimer/A. Wyllie
47 College St., Rm. 106B and Zoom
