

Does your child have a developmental delay?

*The McPartland lab at the Yale School of Medicine is seeking **children ages 3-5** with Autism Spectrum Disorder and/or Global Developmental Delay to participate in our study and help us learn about brain development.*

Participation includes 1 full day or 2 half day visits to our lab where families will complete an evaluation with our clinical team, fill out questionnaires, and children will participate in an EEG and eye tracking session.

Participants will receive a clinical report as well as up to \$250 compensation.

To learn more, please scan this or contact our team at [203-737-3439](tel:203-737-3439) or autism@yale.edu
