ComprehenSIVE Evaluation of Risk Factors in Older
Patients with Acute Myocardial Infarction: SILVER-AMI

Presented by

Sarwat I. Chaudhry, M.D.
Associate Professor of Medicine
Yale School of Medicine

SILVER-AMI is a cohort study that enrolled over 3000 patients age 75 and older from 94 hospitals across the United States. The objective was to understand the role of functional impairments – including those in physical and cognitive function – in outcomes after hospitalization for acute myocardial infarction.

Tuesday, February 18, 2020
12:00 PM (lunch incl.)
Room 115 – LEPH
60 College St.

Required for 1st yr CDE students
Open to all CDE students
