

Presented by: Yale School of Medicine - Department of Pediatrics

Experiences of a Father of Triplets Born at 24 Weeks

11/17/2021 12:00:00 PM–11/17/2021 1:00:00 PM | Medical Campus

The Pediatric Subspecialty Lecture series is a multidisciplinary series. The series includes one hour lectures and case presentations that update our pediatric subspecialist physicians, learners and other healthcare professionals on cutting edge biomedical sciences, clinical and educational practices, presenting this information in an understandable and clinically useful format, that informs the health care delivery and improves outcomes of children and adolescents. Pediatric Subspecialty lecture topics are varied.

Texting code for today's session: 29700

Faculty:

Ted Yang, MS
Author, Entrepreneur
Former Executive at Bridgewater and Citadel

Program Goal:

- 1 Understand the perspective of fathers in the NICU and what resources should be available especially with regards to child loss and long term cases
- 2 Discuss the role of parents as advocates and partners in the daily care of children in the NICU
- 3 Learn about the challenges of trached and vented children in the home environment

Target Audience: Pediatrics

Financial Disclosure Information:

Ted Tang, MS: Nothing to disclose
