

# Yale Global Initiative on Climate Change and Public Health Ethics

A Program of the Yale Center on Climate Change and Health

---

## Geoengineering for Climate Crisis Mitigation: Accountability, Transparency and Democracy

### Stephen Latham, JD, PhD

Director of the Yale Interdisciplinary Center for Bioethics  
Yale University

Dr. Latham is a former healthcare business and regulatory attorney, and served as Director of Ethics Standards at the AMA before entering academia full-time. Latham is a Fellow of the Hastings Center, and has been a graduate fellow of Harvard's Safra Center on Ethics and a Research Fellow of the University of Edinburgh's Institute for Advanced Studies in the Humanities. At Yale, Latham teaches about bioethics and environmental ethics in the College, the Law School, and the School of the Environment. He chairs the Human Subjects Committee, co-chairs the Embryonic Stem Cell Research Oversight Committee, and does clinical ethics consultation at the Yale-New Haven Hospital. He is a former board member and Secretary of the American Society for Bioethics and Humanities, from which he received a Distinguished Service Award in 2010.
