

*Yale School of Medicine  
Seminars in Human and Translational Immunology*

*“Bioelectronics Targeting Immunity – Therapeutic Implications of  
Reflex Circuits in Immunology”*

*Kevin J. Tracey, M.D.*

**President & CEO, The Feinstein Institute for Medical Research  
Professor & President, Elmezzi Graduate School of Molecular Medicine  
Associate Dean, Research Professor, Molecular Medicine,  
Hofstra-North Shore-LIJ School of Medicine**

Tuesday, December 2, 2014 @ 4 p.m.  
The Anlyan Center - TAC N203

Host: Dr. Jordan Pober

*There is no corporate support for this activity. This activity is not supported by any educational grants  
This course will fulfill the licensure requirement set forth by the State of Connecticut*

**ACCREDITATION**

The Yale School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

**NEEDS ASSESSMENT**

The HTI program at Yale University School of Medicine is a FOCIS (Federation of Clinical Immunology Societies) Center of Excellence. The mission of the FCEs is to create an integrated community among immunologists in different departments and sections at individual medical schools, allowing for exchange of information and development of interdisciplinary collaborations

**LEARNING OBJECTIVES**

At the conclusion of this activity, participants will be able to:

- Understand Immunity is regulated by neural reflexes that can be mapped to reveal specific molecular mechanisms
- Understand Sensory reflex arcs are activated directly by microbial and host products
- Understand Motor reflex arcs hold promise for therapeutic intervention by bioelectronics.

**DESIGNATION STATEMENT**

The Yale School of Medicine designates this educational activity for 1 *AMA PRA Category 1 Credit(s)*<sup>™</sup>. Physicians should only claim credit commensurate with the extent of their participation in the activity.

**FACULTY DISCLOSURES**

It is the policy of Yale School of Medicine, Continuing Medical Education, to ensure balance, independence, objectivity and scientific rigor in all its educational programs. All faculty participating as speakers in these programs are required to disclose any relevant financial relationship(s) they (or spouse or partner) have with a commercial interest that benefits the individual in any financial amount that has occurred within the past 12 months; and the opportunity to affect the content of CME about the products or services of the commercial interests. The Center for Continuing Medical Education will ensure that any conflicts of interest are resolved before the educational activity occurs.
