

COVID-19 VACCINE DISTRIBUTION INSIDE PRISONS& JAILS

December 2nd, 2020, 11 AM - 1 PM ET

Prisons and jails remain hotspots for COVID-19.

- Given these outbreaks, should incarcerated people and correctional staff be prioritized in COVID-19 vaccine distribution?
- How should COVID-19 vaccine distribution be implemented across correctional facilities in various settings (e.g. rural jails)?
- Should incarcerated people participate in ongoing and future vaccine trials?
What are the related ethical considerations?
