

Yale University
Department of Immunobiology Presents:

Flavell Symposium

A Rock 'n' Roll Reunion

Gene Regulation and Cell Signaling in Immunity and Pathophysiology

*Session 1: Molecular Control of Gene
Expression and Cell Signaling*

Frank Grosveld
Titia de Lange
Roger Davis
Roel Nusse
Erol Fikrig

*Session 2: B Lymphocyte Development
and Function*

Frederick Alt
Meinrad Busslinger
Idit Shachar
Michel Nussenzweig

*Session 3: T Lymphocyte Development
and Function*

Cheong-Hee Chang
Alexander Rudensky
Hongbo Chi
Chen Dong

*Session 4: Gene Regulation and Cell
Signaling in Innate Immunity*

Tada Taniguchi
Jorge Henao-Mejia
Kochi Kobayashi
Sankar Ghosh
Lena Alexopoulou
Terrence Town

*Session 5: Microbiota, Mucosal
Immunity and Inflammation*

Dan Littman
Eric Pamer
Eran Elinav
Shomyseh Sanjabi
Mercedes Rincon

*Session 6: Breaking Bad:
Autoimmunity and Tumor Immunology*

Diane Mathis
Linda Burkly
Matthias von Herrath
Rene Bernards
Ming Li
Ira Mellman

September 10-11, 2015
The Anlyan Center
300 Cedar Street
