

YALE CHILD STUDY CENTER

Where discovery inspires care

The Developmental Disabilities Clinic is committed to serving children, adolescents, and adults with autism and related disorders

CLINICAL SERVICES

Multidisciplinary Evaluation:

- Team of experts spanning psychology, psychiatry, and speech and language
- Assessment focuses on diagnosis, determination of strengths and weaknesses related to learning style, cognitive profile, communication, social behavior, and daily living skills
- Report provides recommendations for intervention and educational planning

Social Skills Groups:

- Groups are for children ages 7-17 who are diagnosed with autism
- Children may be placed on a waitlist until we offer a group for their age
