

DEPARTMENT OF GENETICS

SYMPOSIUM 2

TUESDAY, FEBRUARY 1, 2022
9:00AM – 2:45PM

[Register for Zoom Info](#)

Contact: neltja.brewster@yale.edu

RUSLAN SOLDATOV

HARVARD UNIVERSITY

“Computational models of cell fate dynamics with single-cell data”

SILVIA DOMCKE

UNIVERSITY OF WASHINGTON

“Single cell perturbomics of the transcription factor – chromatin landscape”

LONGZHI TAN

STANFORD UNIVERSITY

“Probing the single-cell 3D genome architectural basis of neurodevelopment and aging in vivo”

BRUNILDA BALLIU

UCLA

“Leveraging multi-context functional genomics data for contextualizing genetic associations”

RANEN AVINER

STANFORD UNIVERSITY

“The Ribosome: A Hub of Therapeutic Targets for Infectious and Neurodegenerative Disease”

Yale
