Vps13D: A Novel Regulator of Autophagy in Health and Disease

6/9/2022 9:00:00 AM–6/9/2022 10:00:00 AM | Medical Campus

Weekly grand rounds necessary and essential to the education mission of the department for trainees and peers at the faculty level on the latest developments as well as a forum for discussion on the latest cases to promote group input.

Texting code for today's session: 26762

Faculty:

James L Shen, BS, Medical Student
University of Massachusetts TH Chan School of Medicine

Program Goal:

- 1 Understand role of Vps13D in membrane contacts and autophagy
- 1 Utilize previous scientific findings to form new hypothesis to solve scientific problems
- 2 How to interpret immunofluorescence and TEM data in a basic science setting

Target Audience: Oncology

Financial Disclosure Information:

Accreditation Statement: Yale School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.
