

MD-PhD Program
Responsible Conduct of Research Workshops
2021-2022

Mandatory attendance

Wednesday, November 10, 2021; 11:00a -12:00p, SHM L-115*

Mentor/mentee responsibilities and relationships

Faye Rogers, PhD; Associate Professor of Therapeutic Radiology and Associate Director, MD-PhD Program

Friday, February 25, 2022; 10:00a-11:00a, ESH 020

Civility issues in research environments

Karin Finberg, MD, PhD; Associate Professor of Pathology and Assistant Director, MD-PhD Program

Angeliki Louvi, PhD; Associate Professor of Neurosurgery and Neuroscience and Associate Director, MD-PhD Program

Friday, April 8, 2022; 10:00a-11:00a, ESH 020

Research misconduct and questionable research practices

Peter Aronson, MD; CNH Long Professor of Medicine (Nephrology), Professor of Cellular & Molecular Physiology and Associate Director, MD-PhD Program

Angeliki Louvi, PhD; Associate Professor of Neurosurgery and Neuroscience and Associate Director, MD-PhD Program

Friday, April 15, 2022; 10:00a-11:00a, ESH 020

Conflicts of interest in research

Peter Aronson, MD; CNH Long Professor of Medicine (Nephrology), Professor of Cellular & Molecular Physiology and Associate Director, MD-PhD Program

Barbara Kazmierczak, MD, PhD; Professor Medicine (Infectious Diseases) and of Microbial Pathogenesis and the Gustavus and Louise Pfeiffer Research Foundation MD-PhD Program Director

Friday, April 29, 2022; 10:00a-11:00a, ESH 020

Peer review; Rigor & Reproducibility of research

Jonathan Bogan, MD; Associate Professor of Medicine (Endocrine) and of Cell Biology and Assistant Director, MD-PhD Program

Fred Gorelick, MD; Henry J. and Joan W. Binder Professor of Medicine (Digestive Diseases) and of Cell Biology and Deputy Director, MD-PhD Program

Friday, May 6, 2022, 10:00a-11:00a, ESH 020

Contemporary ethical issues in biomedical research.

Barbara Kazmierczak, MD, PhD; Professor Medicine (Infectious Diseases) and of Microbial Pathogenesis and the Gustavus and Louise Pfeiffer Research Foundation MD-PhD Program Director

Michael Cappello, MD; Professor of Pediatrics (Infectious Disease), of Epidemiology (Microbial Diseases) and of Microbial Pathogenesis and Associate Director, MD-PhD Program

**Attend the YSM1 Scientific Inquiry lecture*
