Center for Interdisciplinary Research on AIDS
at Yale University

CIRA Presents:

Qualitative Research Discussion Group

**Join CIRA for another discussion
on the qualitative research process.**

**"'It was organized from
the bottom': the
response from
community-based
institutions during the
2014 Ebola epidemic."**

Sabine Franklin, PhD

*Whitney and Betty MacMillan
Center for International and
Area Studies at Yale University*

**Friday, May 19, 2023
12:00 pm – 1:00 pm**

Join by Zoom:

Contact Lauretta.Grau@yale.edu with questions.

Organized by the Dissemination and Implementation Science Methods Core of the Center for Interdisciplinary Research on AIDS (CIRA). CIRA is supported by National Institute of Mental Health Grant No. P30MH062294, Trace Kershaw, Ph.D., Principal Investigator.

Qualitative Research Discussion Group (QRDG)

Sabine Franklin, PhD, Visiting Fellow, Whitney and Betty MacMillan Center for International and Area Studies at Yale University

Sabine Franklin earned her PhD from the School of Organisations, Economy and Society at the University of Westminster in London, UK. She is interested in local politics in West Africa, especially around issues of health and development. Her thesis examines the local response of 2014 Ebola outbreak in a comparative case study of Sierra Leone and Liberia. She is currently a Visiting Fellow at the Whitney and Betty MacMillan Center for International and Area Studies at Yale University.

QRDG Overview:

The goal of the Qualitative Research Discussion Group (QRDG) is to provide opportunities for individuals involved in qualitative or mixed-methods research to meet regularly to discuss the qualitative research process and potentially problem-solve issues that may arise when engaged in qualitative research. Discussion topics include, but are not limited to: logistics, data management, analysis, dissemination, role of the researcher, and ethics. It is intended as a venue for discussing research in progress and new or relevant literature on qualitative methods and practice as well as to create networking opportunities and foster research collaborations. CIRA's Dissemination and Implementation Science Methods Core (DISM) member, Laretta Grau, PhD, is coordinating the meetings. She can be reached at lauretta.grau@yale.edu.
