Additional faculty with fellowship training in emergency ultrasound may assist in the hands-on stations.

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education through the joint providership of the American College of Emergency Physicians and Connecticut College of Emergency Physicians. The American College of Emergency Physicians designates this live activity for a maximum of 11 AMA PRA Category I Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity. Approved by the American College of Emergency Physicians for a maximum of 11 hour(s) of ACEP Category I credit.

Learn POCUS Online!

You're invited to refresh and build upon your ultrasound skills at our 2020 Fall Online course! Our program is brought to you by the organizers of the popular New England Emergency & Critical Care Ultrasound course, which has just finished its thirteenth successful year!

Day one will include a refresher on orientation and finding fluid, basic echo, pelvic, thoracic, vascular and FAST examinations. Day two will add more advanced symptom-based ultrasound such as in hypotension and dyspnea as well as procedural applications. Day two will also include break-out groups for areas of special interest. The course will emphasize interactivity as much as possible with chat monitoring by multiple faculty and case-based small group break-out sessions throughout both days. You can sign up for either or both days based on your experience and interest—participation will be limited to ensure a low faculty to student ratio.

Course Director: Chris Moore MD

Co-Director: Rachel Liu MD, Cristiana Baloesu MD

Course Coordinator: Hilmer Ayuso

Course Dates:

Thursday, Nov 12
Lectures and Virtual
Lab sessions

10:00a– 3:30p

Friday, Nov 13
Lectures and Virtual
Lab sessions
Breakout Sessions

10:00a– 3:30p
