

# International Clinical Electives

**Tuesday, September 20<sup>th</sup>, 2016**

**Lunch will be provided**

**12 noon to 1:00 p.m. BCMM 206/208**

Learn more about YSM's International Clinical Elective Opportunities!

You will be able to hear more about the Global Health Electives offered at our 14 sites internationally, from students from select partner sites and Yale Medicals student have complete international electives.

The Global Health Electives are designed to help students to:

- Identify differences in the methods of providing healthcare
- Appreciate the importance of and improve language skills
- Develop empathy and a sense of responsibility for the underserved population in our own community

**Sponsored by the YSM Office of International Medical Student Education**
