“Missense mutations, truncating mutations and whole gene deletion of TACI; implications on human B cell tolerance and immunity”

Neil D. Romberg, M.D.

***Assistant Professor, Pediatrics & Internal Medicine
Yale University School of Medicine***

Host: Dr. Eric Meffre
Tuesday, December 3, 2013 @ 4 p.m.
The Anlyan Center - TAC N203

ACCREDITATION

The Yale School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

NEEDS ASSESSMENT

The HTI program at Yale University School of Medicine is a FOCIS (Federation of Clinical immunology Societies) Center of Excellence. The mission of the FCEs is to create an integrated community among immunologists in different departments and sections at individual medical schools, allowing for exchange of information and development of interdisciplinary collaborations

LEARNING OBJECTIVES

At the conclusion of this activity, participants will be able to:

- Describe the effects of different TACI mutations, truncations and deletions on naïve B cells
- Identify B-cell extrinsic modifiers that may potentiate or mitigate the autoimmune risk posed by autoreactive naïve B-cells
- Recognize the differential requirement for TACI at different stages of B cell development

DESIGNATION STATEMENT

The Yale School of Medicine designates this educational activity for 1 *AMA PRA Category 1 Credit(s)*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

FACULTY DISCLOSURES

It is the policy of Yale School of Medicine, Continuing Medical Education, to ensure balance, independence, objectivity and scientific rigor in all its educational programs. All faculty participating as speakers in these programs are required to disclose any relevant financial relationship(s) they (or spouse or partner) have with a commercial interest that benefits the individual in any financial amount that has occurred within the past 12 months; and the opportunity to affect the content of CME about the products or services of the commercial interests. The Center for Continuing Medical Education will ensure that any conflicts of interest are resolved before the educational activity occurs.
