Meeting ID: 999 6627 4417

Password: 200594

Journal Club:

“What is Dihydropyrimidine Dehydrogenase (DPYD) Deficiency and Why Should It Matter to Cancer Genetics Providers?”

Presented by:
Karina Brierly, MS, CGC

"The National Society of Genetic Counselors (NSGC) has authorized Smilow Cancer Hospital at Yale New Haven Hospital to offer up to 2 CEUs or 20 Category 1 contact hours for the event *Smilow Cancer Genetics and Prevention Program Education Series*. The American Board of Genetic Counseling (ABGC) will accept CEUs earned at this program for the purposes of genetic counselor certification and recertification. This event is open to those interested in attending. Anyone wishing to claim category 1 CEUs from ABGC will need to submit a payment of \$25."
