David B. Seifer, MD

Director of REI at Oregon Health and Science University

Professor of Obstetrics and Gynecology

“AMH as a Biomarker of Ovarian Aging - Utility in Reproductive Medicine”

There is no corporate support for this activity

This course will fulfill the licensure requirement set forth by the State of Connecticut

Thursday, November 12, 2015 - 4:00PM-5:15PM

Brady Auditorium, Room B131 Lauder Hall

LEARNING OBJECTIVES:

At the conclusion of this talk, the attendees will be able to:

1. Understand the underlying role of AMH in folliculogenesis.
2. Review the advantages and disadvantages (limitations) of using AMH as a marker of ovarian reserve.
3. Summarize the potential roles AMH may have in different aspects of practice of ART and in non-ART aspects of reproductive medicine.

NEEDS ASSESSMENT:

To understand the practical application of the role of AMH in different aspects of ART and reproductive medicine.

ACCREDITATION:

The Yale School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

CME CREDIT:

The Yale School of Medicine designates this live activity for 1 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

FACULTY DISCLOSURES:

It is the policy of Yale School of Medicine, Continuing Medical Education, to ensure balance, independence, objectivity and scientific rigor in all its educational programs. All faculty participating as speakers in these programs are required to disclose any relevant financial relationship(s) they (or spouse or partner) have with a commercial interest that benefits the individual in any financial amount that has occurred within the past 12 months; and the opportunity to affect the content of CME about the products or services of the commercial interests. The Center for Continuing Medical Education will ensure that any conflicts of interest are resolved before the educational activity occurs.
