Yale Pathology

Pathology Grand Rounds Thursday, January 13th 12:30-1:30pm

Hosted by: Mina Xu, MD

**Kikkeri N. Naresh, MBBS, MD, DCP,
FRCPath**

Professor, Clinical Research Division; Section
Head, Pathology; Fred Hutchinson Cancer
Research Center

*What Makes the Lymphoid Proliferation
Associated with Infective Agents Unique?*

Needs: Developments in this field need to be disseminated to pathologists practicing different specialties for optimal patient care; Gaps in disease classification and precise diagnosis; Pathogenetic aspects are unique and provide a key framework for lymphomagenesis; Impacts on patient outcome.

Objectives: Improved disease recognition, appreciation of diagnostic criteria, and confirmation of diagnosis; Understand etiology and pathogenesis of these unique types of lymphoid proliferations; Prognostic and predictive factors.
