

The **Yale Global Mental Health Program** provides educational opportunities and electives for the Yale community and mentorship and facilitated international experiences for residents.

“Global Child Mental Health: Challenges and Opportunities”

Dr. Myron Belfer

Myron L. Belfer, MD, MPA is Professor of Psychiatry in the Department of Psychiatry, Children's Hospital Boston, Harvard Medical School, and Senior Associate in Psychiatry at the Children's Hospital of Boston. Dr. Belfer is former Senior Adviser in the Department of Mental Disorders and Substance Abuse at the **World Health Organization in Geneva where he led the child mental health program from 2000 to 2005.** In that capacity he was instrumental in supporting a number of global child mental health initiatives. He is past-President of the International Association for Child and Adolescent Psychiatry and Allied Professions (IACAPAP). He co-directs the Children's Hospital Boston Global Child Mental Health Observership Program and directs for the Harvard Center on the Developing Child a comprehensive child mental health needs assessment in schools in Shanghai with Chinese colleagues. He is a consultant to the Temasek Foundation (Singapore) project on child mental health capacity building for disaster response in Indonesia. His current interests are in global child mental health policy and the mental health response in disaster situations.

11/7/13 at 5:45 pm in the Suite 901 Large Conference Room, 9th Floor, 300 George Street
