Medical Director, Treatment and Research Institute for Autism Spectrum Disorders
Kennedy Center for Research on Human Development
Vanderbilt Brain Institute

“On the Road to Translational Treatments in Autism Spectrum Disorders”

Tuesday, February 5, 2013, 1:00 p.m.

Donald J. Cohen Auditorium, Room E02

ACCREDITATION

The Yale School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to sponsor continuing medical education for physicians.

LEARNING OBJECTIVES

At the conclusion of this activity, participants will be able to:

1. Know the current evidence base for interventions in children, adolescents, and adults with autism spectrum disorders.
2. Understand the contribution of genetic disorders to risk of autism spectrum disorder.
3. Learn about initial forays into autism treatment based upon animal models.

NEEDS ASSESSMENT

Children with autism spectrum disorders currently receive many forms of intervention but without much evidence to shape effective treatments. This lecture will examine current evidence for interventions and discuss avenues to new interventions that may have more impact for some children.

FACULTY DISCLOSURES

It is the policy of Yale School of Medicine, Continuing Medical Education, to ensure balance, independence, objectivity and scientific rigor in all its educational programs. All faculty participating as speakers in these programs are required to disclose any relevant financial relationship(s) they (or spouse or partner) have with a commercial interest that benefits the individual in any financial amount that has occurred within the past 12 months; and the opportunity to affect the content of CME about the products or services of the commercial interests. The Center for Continuing Medical Education will ensure that any conflicts of interest are resolved before the educational activity occurs.

CME CREDIT

The Yale School of Medicine designates this educational activity for *1 AMA PRA Category 1 Credit(s)*. Physicians should only claim credit commensurate with the extent of their participation in the activity
