

SEMINARS IN HUMAN AND TRANSLATIONAL IMMUNOLOGY

*Presented by the
Yale Center for Immuno-Oncology*

YaleCME
CONTINUING MEDICAL EDUCATION

“Image-Guided Therapy of Liver Cancer and the Immuno-Metabolic Crosstalk – How to Take Advantage?”

Speaker:

Julius Chapiro, MD

Associate Research Scientist in Radiology and
Biomedical Imaging, Yale School of Medicine

Tuesday, November 5, 2019

4:00 – 5:00pm

TAC N-203

ACCREDITATION

The Yale School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

TARGET AUDIENCE

The target audience for the HTI Seminar Series comprises attending faculty, clinical and basic scientists, community physicians, nurses, residents, fellows, and students.

NEEDS ASSESSMENT

The HTI Seminar Series seeks to review the scientific basis for choice of immunologically related therapeutic targets in various diseases, including organ-specific and systemic autoimmunity, allergy, transplant rejection, cancer, and infectious diseases. The goal is to help understand the rationale and mechanism underlying the major pharmacologic approaches for interventional immunology in current practice and review the data on the different therapeutic approaches in different specialties.

LEARNING OBJECTIVES

At the conclusion of this activity, participants will be able to:

1. Understand the principles of minimally invasive image guided therapies of liver cancer
2. Learn about the impact of loco-regional therapies on the tumor microenvironment and the immune system.
3. Understand the principles of emerging molecular imaging

biomarkers for non-invasive characterization of the immuno-metabolic crosstalk in the setting of loco-regional therapies and their possible combination with immunotherapy

DESIGNATION STATEMENT

The Yale School of Medicine designates this live activity for 1 AMA PRA Category 1 Credit(s)[™]. Physicians should only claim the credit commensurate with the extent of their participation in the activity.

FACULTY DISCLOSURES

Julius Chapiro: Received research grants from Guerbet Ltd. and Philips Healthcare

Stephanie Eisenbarth: None

Carrie Lucas: None

It is the policy of Yale School of Medicine, Continuing Medical Education, to ensure balance, independence, objectivity and scientific rigor in all its educational programs. All faculty participating as speakers in these programs are required to disclose any relevant financial relationship(s) they (or spouse or partner) have with a commercial interest that benefits the individual in any financial amount that has occurred within the past 12 months; and the opportunity to affect the content of CME about the products or services of the commercial interests. The Center for Continuing Medical Education will ensure that any conflicts of interest are resolved before the educational activity occurs.

There is no corporate support for this activity.

Seminar Host: Nikhil Joshi, PhD

Course Directors: Stephanie Eisenbarth, MD, PhD and Carrie Lucas, PhD
