

Are you interested in becoming a genetic counselor?

Come see what it's like to be a “Genetic Counselor for a Day!”

July 22, 2020 | 9am - 1:00pm

Virtual Event

The **Smilow Cancer Genetics and Prevention Program** invites you to hear from local genetic counselors who work in a variety of specialties: cancer, reproductive care, cardiology and more! Genetic counseling program representatives will also share insights into what to expect in graduate school, and how to be a great applicant. A question and answer session will conclude the event.

Register now to attend virtually via Zoom:
