“The Generations Project: A platform for research and clinical care”

Michael Murray, MD, FACMG, FACP
Professor of Genetics and Pathology; Director for Clinical Operations in the Center for Genomic Health
Yale University

Tuesday, March 15, 2022 from 4-5 PM
Location: Brady Auditorium BML 131 (hybrid format, also by Zoom)

CME Activity Code: Text 29003 to 203-442-9435

Host: Dr. Ellen Foxman
Course Directors: Dr. Carrie Lucas and Dr. Ellen Foxman

There is no corporate support for this activity. This activity is not supported by any educational grants.
This course will fulfill the licensure requirement set forth by the State of Connecticut.

LEARNING OBJECTIVES
At the conclusion of this activity, participants will be able to:
1. Describe the research and clinical value of a sequenced cohort.
2. Explain the process of prioritizing and defining DNA-based risk identification in a large sequenced cohort.
3. Identify potential ways to use the de-identified and the identified data for research.

FACULTY DISCLOSURES
Michael Murray: Received grant support from Pfizer
Carrie Lucas: None
Ellen Foxman: None

It is the policy of Yale School of Medicine, Continuing Medical Education, to ensure balance, independence, objectivity, and scientific rigor in all its educational programs. All faculty participating as speakers in these programs are required to disclose any relevant financial relationship(s) they (or spouse or partner) have with a commercial interest that benefits the individual in any financial amount that has occurred within the past 12 months; and the opportunity to affect the content of CME about the products or services of the commercial interests. The Center for Continuing Medical Education will ensure that any conflicts of interest are resolved before the educational activity occurs.
