

In Vivo Imaging Facility “Off-Peak” Discount

Updated: October 23, 2012

Scheduling time in the In Vivo Imaging Facility has become increasingly difficult due to an increased user base. In order to free up some more "peak" imaging time, we have decided to offer a discount incentive to those willing to conduct their own imaging off-peak hours.

Effective October 1st, 2010 all imaging done during the weekdays (Monday - Friday) without my assistance during the hours of 5pm - 8am and all imaging done over the weekend (5pm Friday - 8am Monday) will be offered at a 50% rate!

As the off-peak imaging hours are only offered when my assistance is not required, it is necessary that you have been signed off on training with the microscope before you start scheduling imaging during this time period. If you have any questions regarding this policy, please feel free to contact me. As always, I look forward to continuing to work with you all in the future.
